

RACQUET RESTRING PRICE LIST

Pro's Pro Synthetic Gut 15L 1.35mm, white, a robust solid core string wrapped with a super-elastic filament layer offering an economical balance between durability and playability. **£15**

Pro's Pro Vendetta 16L 1.25mm, silver, a super soft polyester monofilament string featuring a good combination of durability, control and power whilst being considerably more arm friendly than traditional polyester strings. **£15**

Apollo Competition Poly 1.30mm, gold, economical monofilament polyester for durability, control and performance. **£15**

Tecnifibre Synthetic Gut 15 1.35mm, black, great value solid core with single wrap and anti-abrasion coating providing excellent all round performance. Ideal also as a cross string to partner Head Sonic Pro or Babolat RPM Blast mains in a hybrid setup. **£17**

Wilson Synthetic Gut Control 16 1.30mm, natural, very popular solid core with single wrap providing a great balance of power, playability & durability. **£17**

Electre Venom Plus 17 1.25mm, yellow, firm monofilament polyester for durability, control and performance. Ideal for aggressive baseliners. **£17**

Electre Destroyer 16 1.30mm, white, soft monofilament co-polymer, gear shaped and twisted for ultimate spin, control and performance. **£18**

Signum Pro Plasma HEXtreme Pure 17 1.20mm, clear white, soft composition monofilament polyester for feel with durability featuring a hexagonal profile for extra spin and control. Great combination of power, spin & playability. **£18**

Wilson Sensation 16 1.30mm, natural, one of the most popular and economical multifilaments ever made providing excellent comfort and power with feel. **£20**

Head Sonic Pro 17 1.25mm, black, soft composition monofilament co-polymer polyester for a great balance between control, power, feel & durability. **£20**

Yonex PolyTour Pro 17 1.25mm, graphite, a durable monofilament co-polymer polyester offering a slightly softer feel than traditional poly strings. Very spin-friendly with a good balance of feel and control and pre-stretched for improved tension maintenance. As used by Nick Kyrgios & Martina Hingis, voted Poly of the Year 2014 on Stringforum.net. **£20**

Babolat RPM Blast 16 1.30mm, black, a perennial favourite as used by Rafael Nadal and Stanislas Wawrinka, silicon coated octagonal profile high density co-polyester for power, durability and maximum spin potential. **Now only £23**

Yonex Tour Super 850 Pro Synthetic Gut 16 1.32mm, white, multifilament core with double winding nylon wraps and Yonex 'Power-Spin' coating for superior spin while maintaining the response and feel of natural gut. One of the very best of its type featuring excellent tension maintenance and optimized playability giving superb comfort and performance. **£25**
